PROFESSIONAL EXPERIENCE

E-commerce Web site & apps

DEVELOPER

July 2018 – oct 2018

I worked as a solo main developer while I was designing an e-commerce website for a start-up, with a working payment gateway integration (PayU) and a basic android WebView App

Technologies used during session:

PHP 7, jQuery

Other Javascript front end scripts.

Office Management System

SOLO DEVELOPER

Jan 2019 – April 2019

I developed an entire office management system with currently 5 companies are using. Its functionalities consists of all basic and advance requirements that an office needs in today's world.
